

THE END OF THE CHURCH AGE

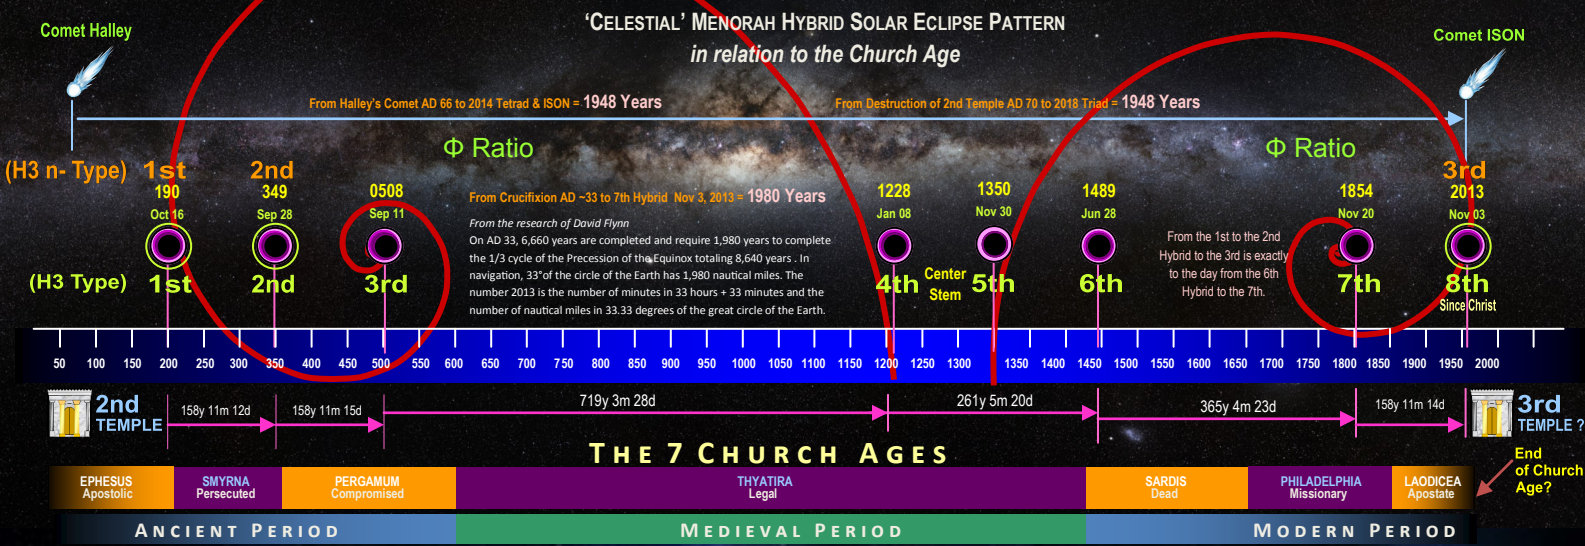

HYBRID SOLAR ECLIPSE PATTERN FROM AD 33 - 2014

A Menorah Typology leading up to the closure of the Age of Grace

The purpose of this chart is to illustrate the occurrence of the very rare Hybrid total solar eclipses since the 1st century. A timeline will graph the 8 Hybrid H3 type solar eclipses since the time of Christ; 7 have already occurred, the 8th one occurs on Nov 3, 2013. This study will seek to show that these peculiar Hybrid solar eclipses have a frequency & sequence that makes for a 'celestial' Menorah pattern. Thus these '8' Hybrid eclipses would represent, typologically the branches and stem of a 'celestial' Menorah - as if a lighting of the candles sequentially has been occurring in the heavens by these eclipses. This would mirror, if you will in sequence on Earth much like what took place with the Golden Lampstand in the House of YHWH or as in the lighting ceremony during Hanukkah. The mirrored symmetry of the 'Menorah' will be overlaid with the phi ratios for visualization.

Moreover, this chart further will illustrate by correlation and association principles that the Church Age and dispensation of Grace perhaps correlates to these 8 Hybrid eclipses that have occurred since the 1st century when the Church was initiated by the death, burial and resurrection of the Messiah, Jesus Christ. This is in direct reference to the Menorah typology from the Book of Revelation in which the Risen LORD Jesus is ministering to the 7 Churches of Asia prophetically throughout time. So for example, if the Church Age was to conclude during or soon after the Tetrad of 2014-15, and the Church was 'birthed' at Pentecost in the year AD 33, then 1980-33 = 1947 (assumed date of crucifixion of the LORD) would = 1980 years that the Church Age is allotted. But IF the Hybrid eclipse pattern is any possible indication, then yes, it is plausible according to the 'signs' in the stars. This 'celestial' Menorah pattern would then have huge End-Time significance of just how soon the Rapture of the Body of Christ could occur. Will it be during or soon thereafter the Tetrad of 2014-15? Perhaps.

As the 8 Hybrid eclipses appear to have constituted a celestial Menorah type since the 1st century in the heavens, this chart only seeks to illustrate if it has mirrored the Church Age. The Lampstands of Revelation have a direct correlation to when thus the Church Age began and perhaps when it is to end based on the last 8th Hybrid eclipse. As the Risen LORD has been walking amongst the Church Lampstands throughout the Church Age, Jesus as the Good Physician has attended to each condition and prescriptions. Perhaps these 8th Hybrid eclipses have signaled that the duration of the Church Age - as the Earthly type of Church Menorah is about to be translated to the Heavenly one, at the point of the Rapture. Has the Hybrid celestial Menorah pattern been something that the LORD has been using as a sort of 'Hanukkah' lighting-up celestial phenomena correlating to the 7 stage Church Age? Has the LORD been using such 'types and shadow' in the heavens to show the 'Principalities & Powers', Angels, and the world that these 8 Hybrid eclipses in particular, because of their rarity are indeed a countdown to the Tetrad of 2014-15 that may signal the end and start of something prophetically? Why this particular Tetrad? It may be that this coming time of the 8th Tetrad since Christ will start to see Biblical prophecy completed - where GOD will see the closing to the Church Age, the Rapture, the completion of all the Messianic promises and redemption of National Israel before the start of the Millennial reign.

CELESTIAL MENORAH PATTERN
As far as the timeline of the 8 H3 Hybrid eclipse dates are concerned for this illustration, the 8 H3 Hybrids appear to typologically correlate to a Menorah pattern.

The 4th Hybrid of June 8, 1228 would thus correspond to the Center Stem. Thus using this principle of correlations, the 7 Hybrid eclipses to culminate in 2013 and lead up to the Tetrad of 2014-15 are a single series of heavenly signs set against the stars to illuminate a coming prophetic completion; perhaps the closure of the Church Age for one.

Metaphorically, each Hybrid H3 eclipse has thus been like a 'candle', light up - if you will as in the series of a Hanukkah ceremony in which eventually all the candles will be lit. Or as in the Golden Lampstand in Heaven representing the 7 Churches of Asia in which each light has a certain prophetic condition to deal with before the 'End'.

What is interesting in correlating the celestial Menorah to the Earthly types is that the Earthly lighting of the Menorah ceremony during Hanukkah for example, takes one to the 8th day. Strikingly, the Tetrad of 2014-15 is the 8th one since Christ that has the Passover-Sukkot designations on the 4 consecutive Blood Moons - per some accounts, other say 9.

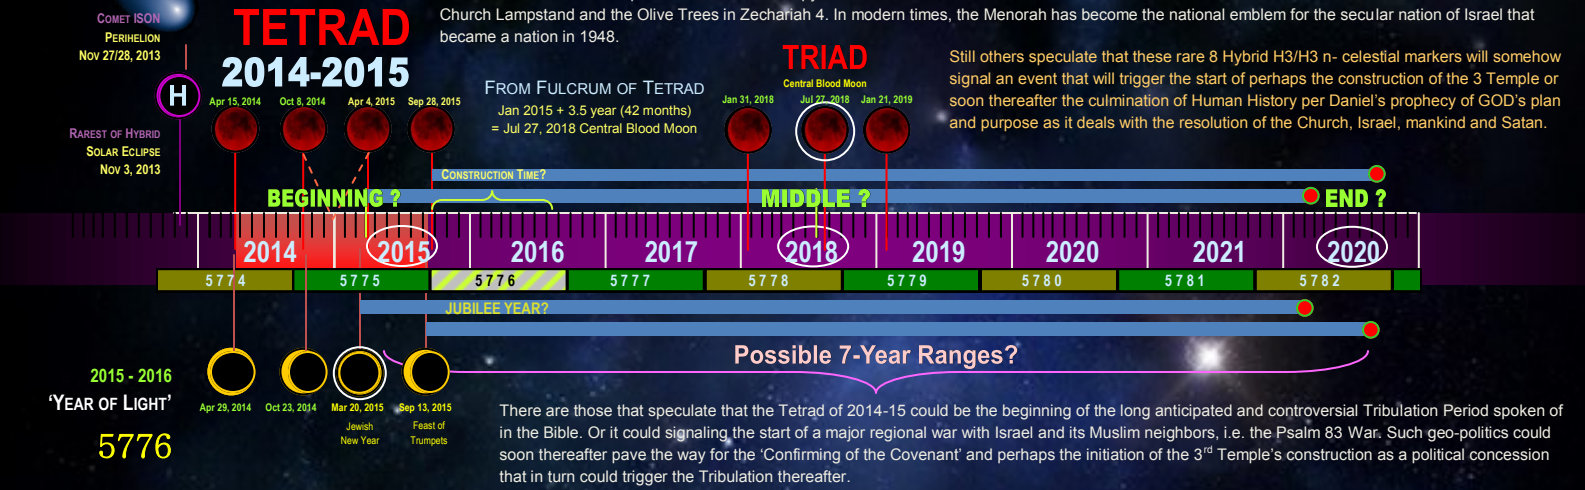

Coincidentally, Comet ISON reaches its perihelion on Nov 29, 2013 - the start of Hanukkah. So the 'picture' is as follows... 7 Hybrid eclipses lighting up like candles in the 'celestial' Menorah, that then the 8th Hybrid of Nov 3 leads up the 8th Passover-Sukkot Tetrad since Christ; an 8-8 pattern.

Is this mere coincidence or the handiwork of the LORD that is declaring His Glory through the Sun, Moon and Stars?

The Menorah is a heavenly concept and Holy Vessel that the Bible declares originates in Heaven. It is before the very Throne Room of GOD YHWH. The Bible describes that the Earthly 'Golden Candle Stick' or Lampstand was 1 of the 3 main articles GOD instructed Moses and later on King David to build for the Holy in the Tabernacle and Temples thereafter. It is a copy of the true one that is said to exist in Heaven - as described in the Book of Revelation of the Vision of the Church Lampstand and the Olive Trees in Zechariah 4. In modern times, the Menorah has become the national emblem for the secular nation of Israel that became a nation in 1948.

Still others speculate that these rare 8 Hybrid H3/H3 n- celestial markers will somehow signal an event that will trigger the start of perhaps the construction of the 3 Temple or soon thereafter the culmination of Human History per Daniel's prophecy of GOD's plan and purpose as it deals with the resolution of the Church, Israel, mankind and Satan.

HYBRID SOLAR ECLIPSE TYPE H3 SINCE THE 1ST CENTURY ACCORDING TO NASA

THE MEANING OF THE NUMBER 7 & 8
It is well understood even among non-Biblical circles that the number 7 is a special number on multiple levels. In the secular world, it is considered a lucky number. In terms of purely Biblical connotations, the number 7 represents 'Spiritual Perfection' as in a fullness or completion of a cycle, term, work or period of time. According to some who research and study Biblical numbers, 7 is the number of Covenant and of the Holy Spirit; one of the 2 perfect numbers'. The number 8 signifies new beginnings.

Out of the 8 Hybrid H3 type eclipses since Christ, one 3 are even more rare with a designation of a (H3 n-) type. The Nov 3, 2013 will thus be the 8th H3 and the 3rd (H3 n-) to complete the 'celestial' Menorah pattern.

In **1999** the Temple Institute had constructed the Menorah suitable for the 3rd Temple. It is built to the exact specifications of the Old Testament. It is built with a bronze core and then overlaid with almost 95 lbs of pure gold to be as "one piece of gold". On some special occasions, the Menorah is on public display facing the Temple Mount in Jerusalem when one day it will most likely see service in the Holy in the 3rd Temple worship service will re-commence.
