Vanessa + Luke Beck Wedding

Dear Sam, "Mr. Talent"

A few weeks ago I was visiting relatives up North + again it was an occasion to watch the wedding video. As so many times before I was back again at the wedding laughing + dancing. My relatives were so impressed with you + your "style". All year long this video has been shown to friends, family, neighbors, co-workers + the decision is unanimous. We think you're fabulous! You are so warm + caring, funny, exciting, exuberant. How did you remember everyone's name? It's remarkable to me how you became part of the family that night. I want to thank you Sam, along with Vanessa + Luke for making the evening as memorable as it was. It could never had been as much fun without you - Boy! did you look great in those red panties - Thanks for being such a fabulously good sport. I wish we could do all over again! - We're so lucky to have it all on video - So lucky to have had you!

My Best
