	<i>future. Much of the staff at the United Family Center is bilingual. There is not a prescriber at the facility yet, but I are looking to hire one in the future.</i>
Question/Answer Session (15 minutes)	Baltazar Torres Youth Tri-Lead FYSPRT members <i>FYSPRT members were given the opportunity to ask more detailed questions regarding services available at the United Family Center. Salomon shared several open positions at the agency at this time.</i>

Those youth and families who attend are being asked to complete the form and return it to meredithp@gcbh.org so it can be used to maintain correct contact information as well as to provide tracking for attendance gift cards.</i>
WISe data presentation next month (5 minutes)	Meredith Piehowski <i>Meredith discussed changes that are being made across some FYSPRTs regarding reviewing WISe data. There has been discussion of having WISe providers share more recent data, issues and concerns such as wait times and appointment availability in meetings in place of the semi-annual review of the WISe data that had been taking place. Meredith provided some suggestions regarding the type of data that would be useful for the FYSPRT to discuss. The main data the group was concerned about were wait times, the need for services, and how often those in WISe are being seen. Meredith will send out an email to the WISe providers to ask them to share some of this information with the FYSPRT. Carolyn Cox stated that SPARK attends WISe Collaborative meetings across the state, however, their group is not invited to the Greater Columbia region Collaborative. The group discussed concerns with this. Carolyn reports that other Collaboratives she attends provide excellent information regarding the WISe providers, services, wait times and data. Discussed the lack of transparency and difficulty with some agencies working with each other to provide services when there is a wait time. Discussed that Meredith has requested to join our Collaborative and has not gotten a response. It was agreed that this conversation should be continued and that follow-up is needed on attendance at these meetings. There were no WISe providers in this month's meeting. It was discussed that due to our large regional area and that all WISe providers are not able to attend these meetings, that attending the WISe Collaborative could potentially be very beneficial for the FYSPRT.</i>

There will be 2 classes this summer to include classes directed towards the Bi-Pop community. There will also be spanish speaking classes available.
