A **Strong Metal Brace** is Welded in Place to **Strengthen** the **Sides** and Reinforce the Entire Cabinet. This Brace Will Not Interfere with Using the Cabinet.

Two (2) Die Cast **LOCKING Handles** Engage the Brace to **SECURE THE DOORS** and Eliminate the Need for the Expensive and Troublesome Operating Rods that were Installed on the doors in the past.

The Cabinet is Assembled at the Factory with Electric Welding and is Very Strong and Rigid. There are **NO Rivets or Snaps**.

As a Special Feature, a Hanger Bar is Welded to one of the Shelves, so the Cabinet can be used as a Wardrobe Closet.

The Body of the Cabinet is Designed for all of the Adjustable Shelves over 36" to have Five (5) Contact Points, Two (2) on each Side, Plus a Fifth (5th) Contact Bracket at the Center of the Back where it is Most Needed to Provide Extra Support for the Shelf. Shelves Adjust on 2" Centers and will Support 160 lbs Evenly Spaced.

Each Adjustable Shelf 36" and wider has a Fabricated Stiffener Welded to the Underside for Increased Load Bearing Capacity.

Plastic Glides are Supplied to Elevate the Cabinet from Making Contact with the Floor and also Easier to Move for Cleaning, etc.

**Heavy Duty  
Swivel Casters**  
**2 Are Locking**

**Factory  
Attached**

Cabinets are equipped with a set of 4 Heavy Duty 6" casters rated for 300 lbs, 2 are locking.

Cabinets are supplied with two (2) die cast locking handles.

## Mobile Cabinet: Key Features

All shelves are adjustable on 2" centers. A strong metal brace is welded in place to strengthen the sides and reinforce the entire cabinet, and will not interfere with loading the Cabinet. The two (2) die cast locking handles engage the brace to secure the doors and eliminate the expensive and troublesome operating rods that were installed in the past.

All adjustable shelves have five (5) contact points. Two (2) are at each end and a fifth (5th) contact point at the center of the back where it is most needed, it provides extra support for the shelf. Adjustable shelves 36" and wider have fabricated stiffeners welded to the underside for increased load bearing capacity. As a special feature, a hanger bar is welded to one shelf so the Cabinet can be used as a Wardrobe.

# New from Steel Cabinets USA. "The Washington Series"

## An Elegant Group of Quality Steel Storage Centers

Designed to Include the Important Features of All Adjustable Shelves and  
Two (2) Secure Die Cast Locking Handles.

Being Offered at Very Affordable and Compelling Prices – To Encourage Your Buying!!!

Made in America  
With American Steel

The RB Bar is unique and is welded in place to reinforce the sides and also is the contact point for the locking handles. There are NO locking rods on the doors.

All the parts, especially the shelves, are fabricated with multiple bending for extra strength, rigidity and safety. Shelves will support 160 pounds evenly divided.

Produced with dependable and long lasting materials, assembled by experienced American Cabinet Makers.

Adjustable shelf support strips are welded on the sides. Holes are not punched in the sides.

Another special feature – Plastic Glides are attached at the Factory to elevate the Cabinet from contacting the floor and also easier to move.

From the Five (5) Models in the Washington Series you can select the dimension most appropriate for your storage needs or market.

Please note the AARB-42 with  
**Great Storage Potential!**

Two (2) Die Cast **LOCKING** Handles for  
**CONVENIENCE and SECURITY**

# "JUNIOR VARSITY" CLASSROOM CABINETS

Score A+ for teaching students how to organize their possessions

All Adjustable Shelves are the Key Design Feature for Unlimited Storage Possibilities. Shelves are Adjustable on 2" Centers. A Series of "Senior Varsity" Cabinets are also Produced with the Same Specifications as the "Junior Varsity" Cabinet but with a Height of 60".

- JVOP-361848** No Casters – Open (36x18x48)  
**MJVOP-361851** Casters – Open (36x18x51)  
**SVOP-361860** No Casters – Open (36x18x60)  
**MSVOP-361863** Casters – Open (36x18x63)

Cabinets are assembled at the Factory with electric welding for strength and rigidity, and are shipped out set up ready for use.

The JV Cabinet at left is the open style without doors, and is produced with a center panel and four (4) adjustable shelves on each side.

There are eight (8) shelves per JV Cabinet that provide ten (10) storage compartments, and ten (10) shelves per SV Cabinet that provide twelve (12) compartments.

If Cabinet is ordered with casters, a set of four (4) 3" heavy duty swivel casters, two (2) are locking, will be installed at the Factory and MDF board will be included to reinforce the bottom.

If Cabinet is ordered without casters, a set of plastic glides will be installed at the Factory to elevate the bottom of the Cabinet from contacting the floor and also make it easier to move for cleaning, etc.

The JV Cabinet at right features the style with two (2) full length doors and two (2) die cast locking handles for security and convenience. The SV Cabinet will have ten (10) shelves.

# The “New Look” for Storage

Steel Cabinets USA has redesigned the traditional Storage Cabinet and introduced the “New Look” Cabinet with many unique features for unlimited storage opportunities to “put things away.”

Useful great looking Metal Furniture made in America at a compelling price.

Two (2) upper shelves can be adjusted on 2” centers or can be removed from the Cabinet.

Convenient shelf can be used for work area, or to locate items that are used most frequently.

The large drawer mounted on steel ball bearing tracks for smooth operation is a big feature as the place for whatever needs to be put away – but always readily available.

Two lower shelves provide ample space for general storage.

Two (2) Die Cast **LOCKING Handles** for **SECURITY** and **CONVENIENCE**.

Cabinets are assembled by electric welding and are shipped set up ready for use.

Plastic glides are attached at the factory to elevate the bottom of the cabinet from making contact with the floor and also easier to move for cleaning, etc.
