Present:

PROPERTY TAX EDUCATION SEMINAR

May 12, 2015

8:15 am - 9:30 am

Southwest Business & Property Owners: In 2015, all Chicago properties will be reassessed for property tax purposes. Given the city's tax rate continues to rise, making sure a property is valued correctly for tax purposes is crucial.

You have the ability to control your property tax liability, but with a small window of opportunity to do so. Property owners have only **THIRTY DAYS** to file an appeal, which can lead to reduction of tax liability and significant savings.

On May 12th, the Greater Southwest Development Corporation, Alliance for Illinois Manufacturing, Chicago Association of REALTORS® and the Greater Englewood Community Development Corporation will present a property tax education seminar designed to equip owners with techniques to distinguish their properties over others on the market, as well as a crash course on the appeals process, the timeline for appeals, and an analysis of what owners should expect regarding future tax bills.

Location/Date/Time

May 12, 2015

8:15 am - 9:30 am

**Churchview Senior
Campus
2626 W. 63rd St
Chicago, IL**
