THE PROJECT

Have you dreamed of owning your piece of paradise? Here is a great opportunity to invest in an Exclusive Development in Castara Tobago, now a thriving very high demand tourist area in the Caribbean. Offers private white-sand beaches unbeatable mountain and Caribbean sea views. The land borders the Rain Forest reserve, meaning no other large scale development is ever possible in the area. The development has all the necessary approvals to commence, infrastructure works has recently begun.

Limited land lots from 6000 square feet, starting at US \$55,000 investment. Castara properties have high rental returns due to limited land available to purchase.
