

Exploring Next to Goldcorp in the Timmins Mining District

NOVEMBER 2017

McLaren
RESOURCES

Highlights

- Timmins is the most productive gold district in Canada
- Goldcorp operates three mines in Timmins
- McLaren properties neighbor high value gold mines
- Properties contain established gold mineralized zones with significant exploration potential
- Highly experienced exploration management and technical team based in Timmins focused on discovery

Corporate Structure

- Trades on CNSX (MCL) and Frankfurt (3ML)
- 42,431,511 shares issued and outstanding
- Warrants outstanding:
 - 3,109,000 at \$0.125 expire August 2, 2018
 - 4,250,000 at \$0.10 expire December 30, 2018
- Options outstanding: 2,025,000 at \$0.125
- 52,190,511 on fully diluted basis

Board of Directors

- **John Heslop, *Executive Chairman***

Mr. Heslop is a professional geologist with over 40 years in the natural resource sector. Mr. Heslop held the position of Exploration Manager, Central Canada for Texasgulf Inc. from 1974 to 1982, Vice-President, Project Development for Kidd Creek Mines Ltd. from 1982 and Director of Exploration for Falconbridge Limited from 1986 until 1987. He was President and CEO and a Director of Thundermin Resources from 1987 until 2016. Since 2016 he has been Vice-Chairman of West Red Lake Gold Mines.

- **Michael Meredith, *Vice Chairman***

Mr. Meredith has over 25 years experience in the resource exploration industry. Mr. Meredith was previously the President of McLaren Resources from 1999 to 2007 and from 2015 to 2017. From 2005 to 2008 he was Chairman of Hy Lake Gold.

- **Andrew Ramcharan, *Director***

Dr. Ramcharan is a mining engineer with 20 years experience in the industry. At Dynatec he worked on Goldcorp's Red Lake Mine Project. More recently he worked for five years in Mergers & Acquisitions at IAMGOLD

- **John Holko, *Director***

Mr. Holko is a petroleum engineer, and the President of Lenape Resources based in Batavia, New York. Mr. Holko has over 35 years experience in the oil and gas industry.

- **Paul Crath, *Director***

Mr. Crath is President and CEO of Highvista Gold Inc. Mr. Crath has a Law Degree from Osgoode Hall.

Management Team

- **John Heslop, *Executive Chairman***

Mr Heslop has four decades of experience in exploration and mine development. Mr Heslop initiated production of the Hoyle Pond Mine in Timmins and subsequently became President & CEO of a mineral exploration and development company listed on the Toronto stock Exchange which was acquired in 2016.

- **Radovan Danilovsky, *Interim President***

Mr. Danilovsky, MSc, MS, CIM, has over ten years of experience in the mining sector. From 2011 to 2016 he served as mining analyst for Accilent Capital, a mining investment firm. Before joining Accilent Capital, Mr. Danilovsky worked as a geophysical consultant for the mining exploration industry.

- **David McDonald, *Chief Financial Officer***

Mr. McDonald, C.A. has worked as the CFO of various public and private junior resource companies.

- **Nadim Wakeam, *Corporate Secretary***

Mr. Wakeam, LLB, MBA, corporate securities lawyer, is a partner in a major Toronto law firm specializing in serving public company resource industry clients.

- **Ken Guy, *Exploration Manager***

Mr. Guy, P.Geo. Has over 30 years of exploration experience in Ontario Canada. Ken has worked as an Exploration Manager with BP Selco, Getty Metals, Cypress Minerals and Lexam VG Gold.

Over 70 million ounces
of gold production in
Timmins

Significant discoveries
are continuing to be
made in Timmins

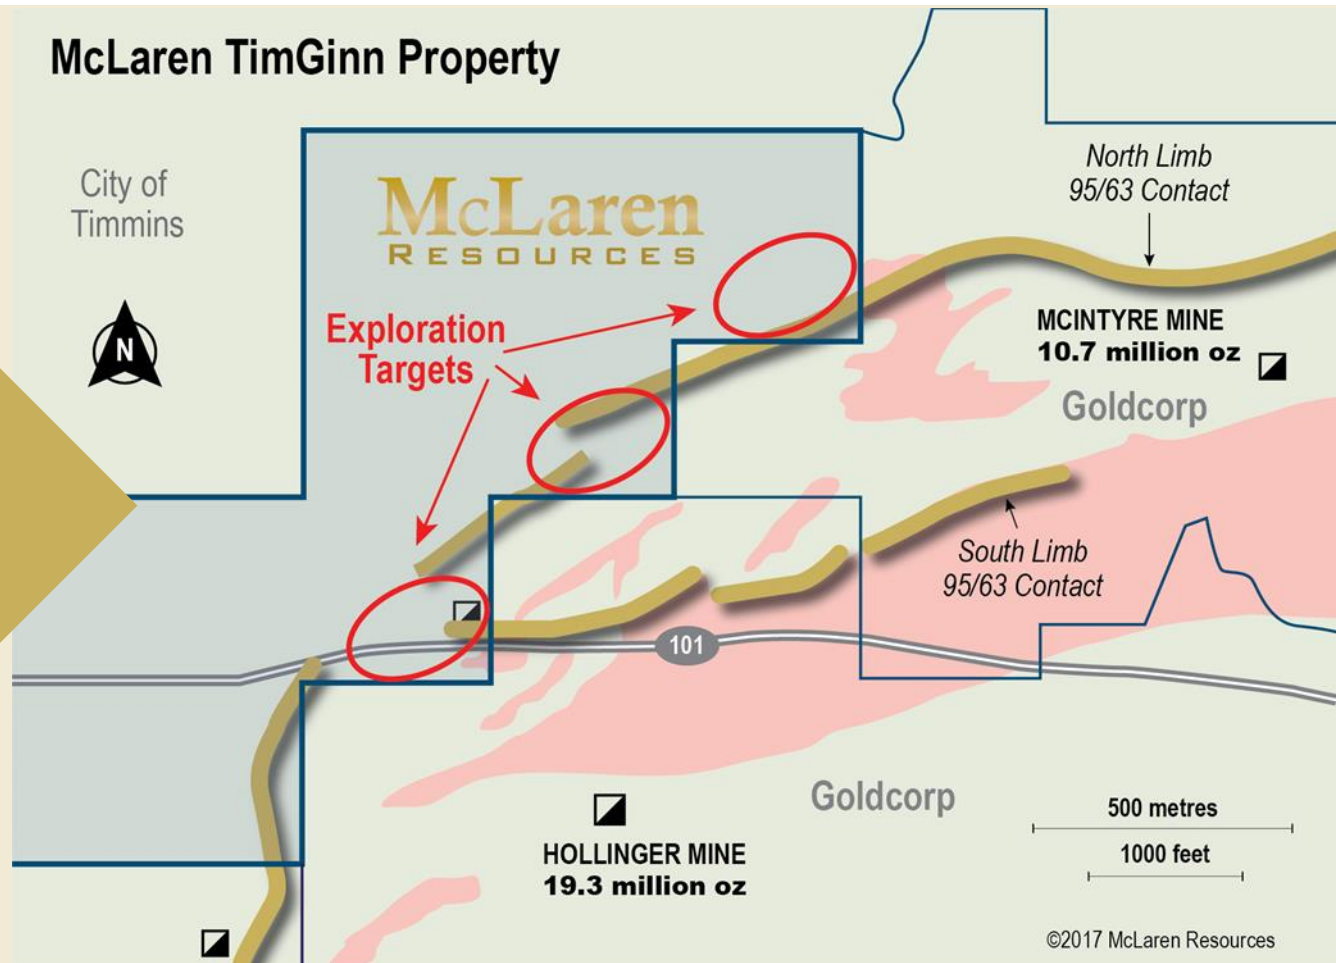

Central Timmins Geology

McLaren's property located on the key geological structure in the world class Timmins camp next to Goldcorp

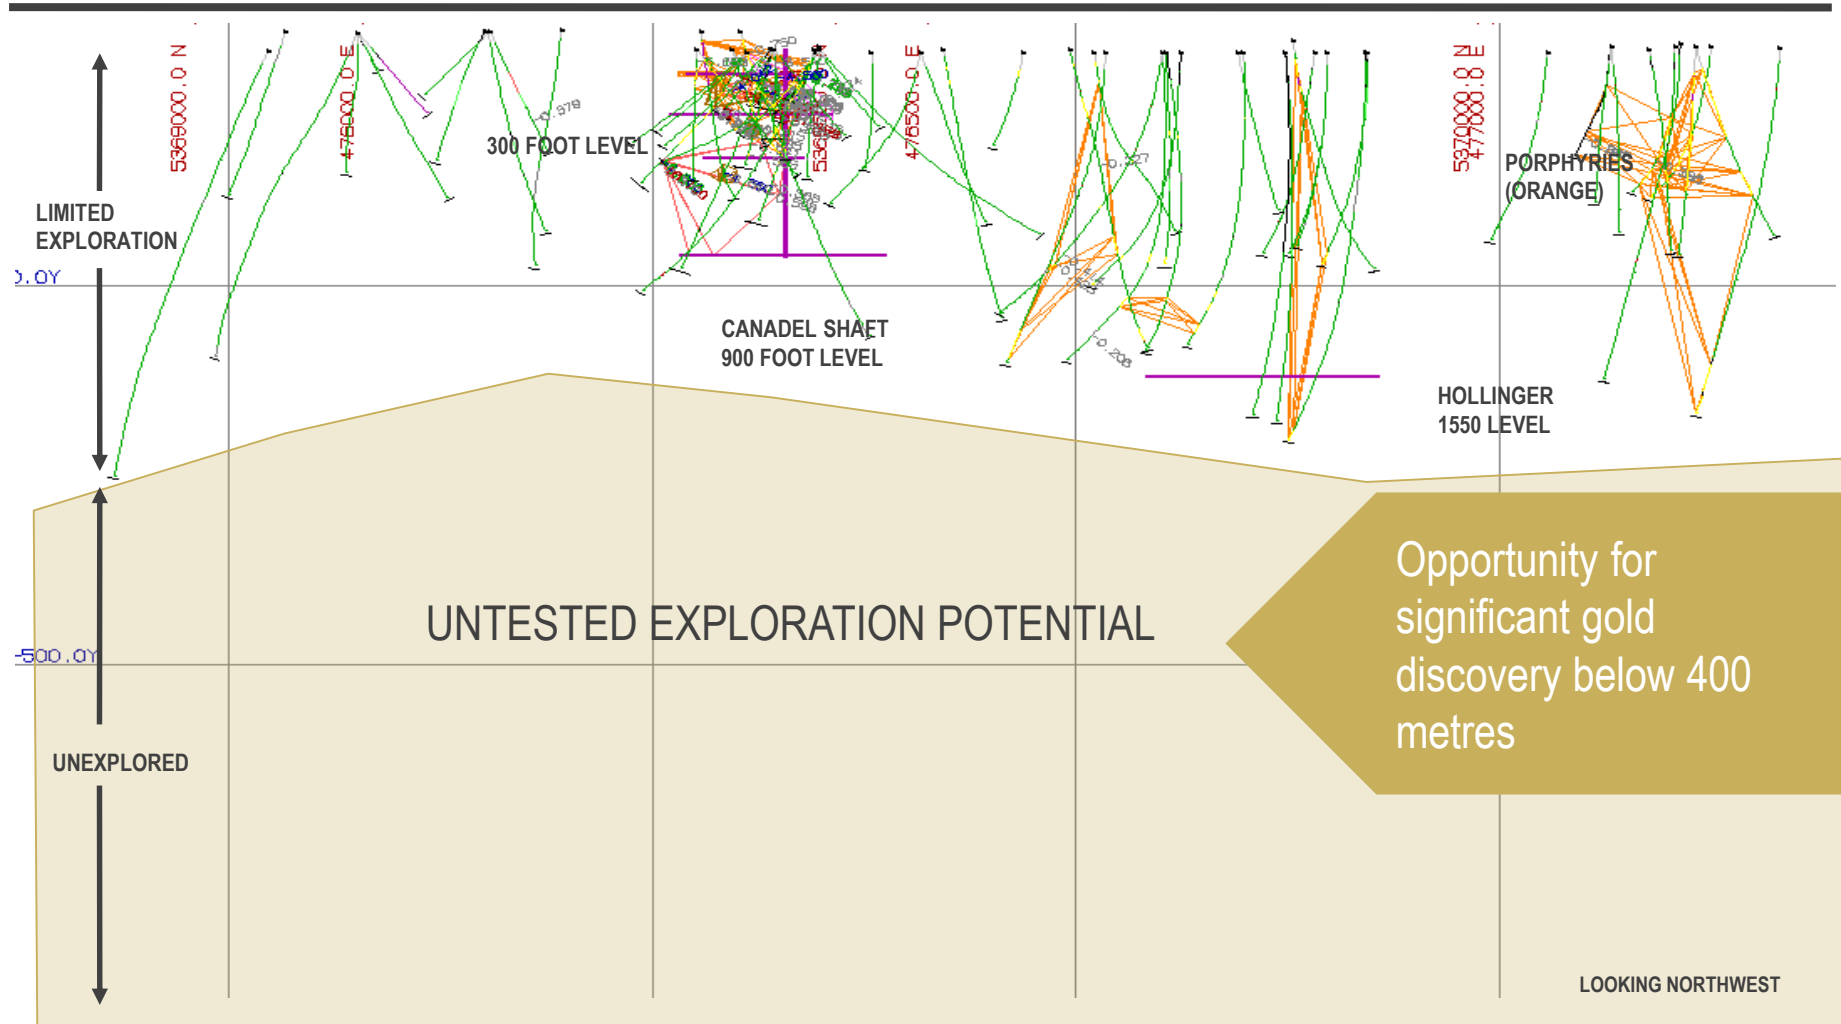

On Trend with Major Gold Production

Exploring key geology that hosts large gold deposits in Central Timmins and looking for significant discovery

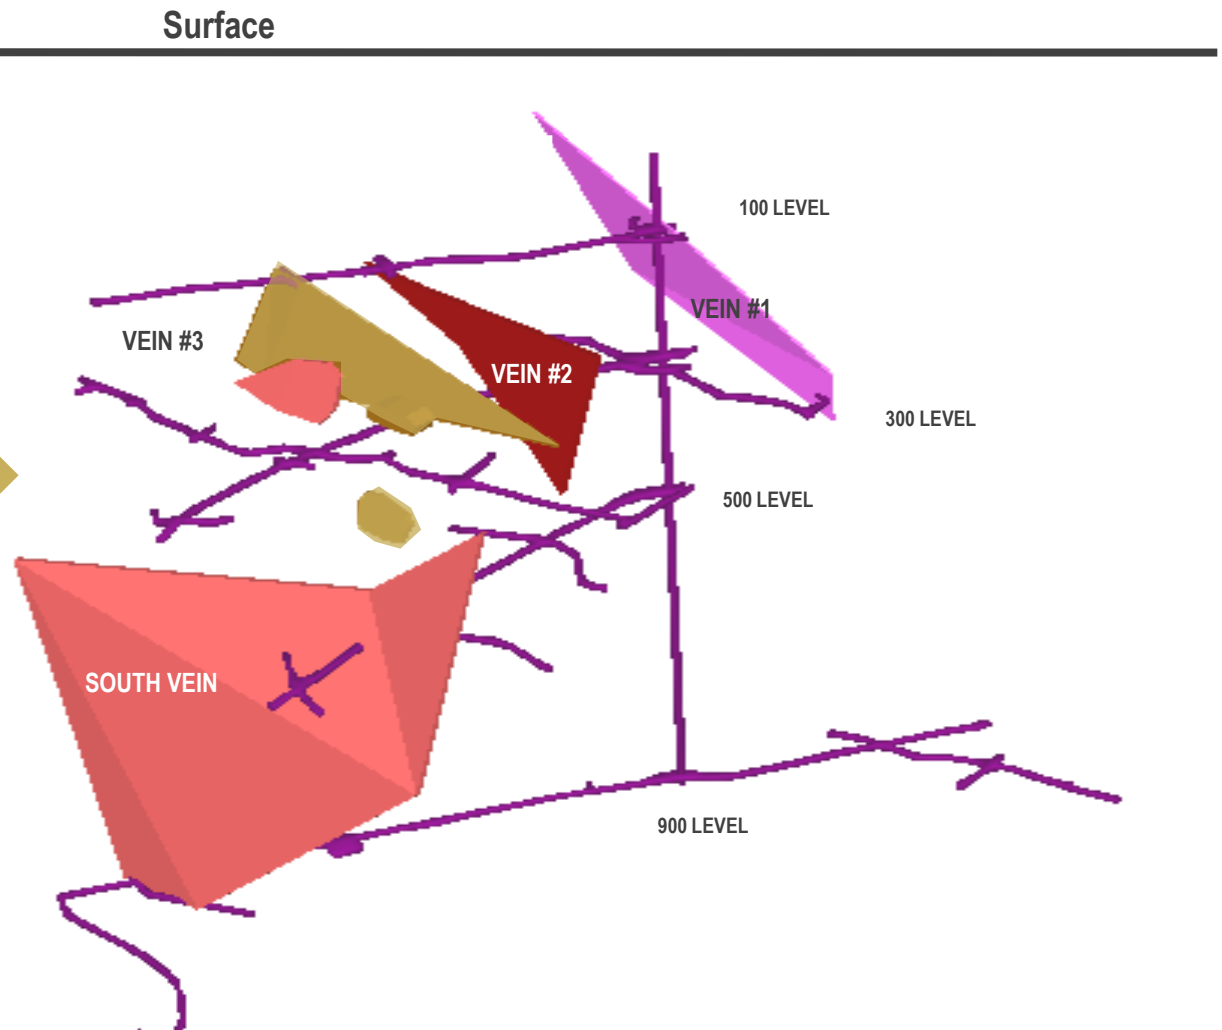

- Adjacent and on strike to Goldcorp's 19.3 million oz Hollinger Mine and Goldcorp's 10.7 million oz McIntyre Mine

Significant Exploration Potential

Known Gold Mineralization

Potential to expand
existing TimGinn gold
mineralization

TimGinn Option Terms

- To earn initial 50% interest in the TimGinn property McLaren is to spend \$1,400,000 on exploration work by December 31, 2021.
- Spend a minimum in exploration expenditures of \$200,000 in 2017, and a minimum of \$300,000 each year from 2018 to 2021.

Augdome Property

Goldcorp-owned Dome Mine adjacent to the Augdome property

Blue Quartz Property

- Located in the Timmins Mining District East of the city of Timmins
- Neighboring Black Fox Mine owned by McEwen Mining
- Hislop Mine owned by Kirkland Lake Gold
- Fenn Gibb owned by Tahoe Resources

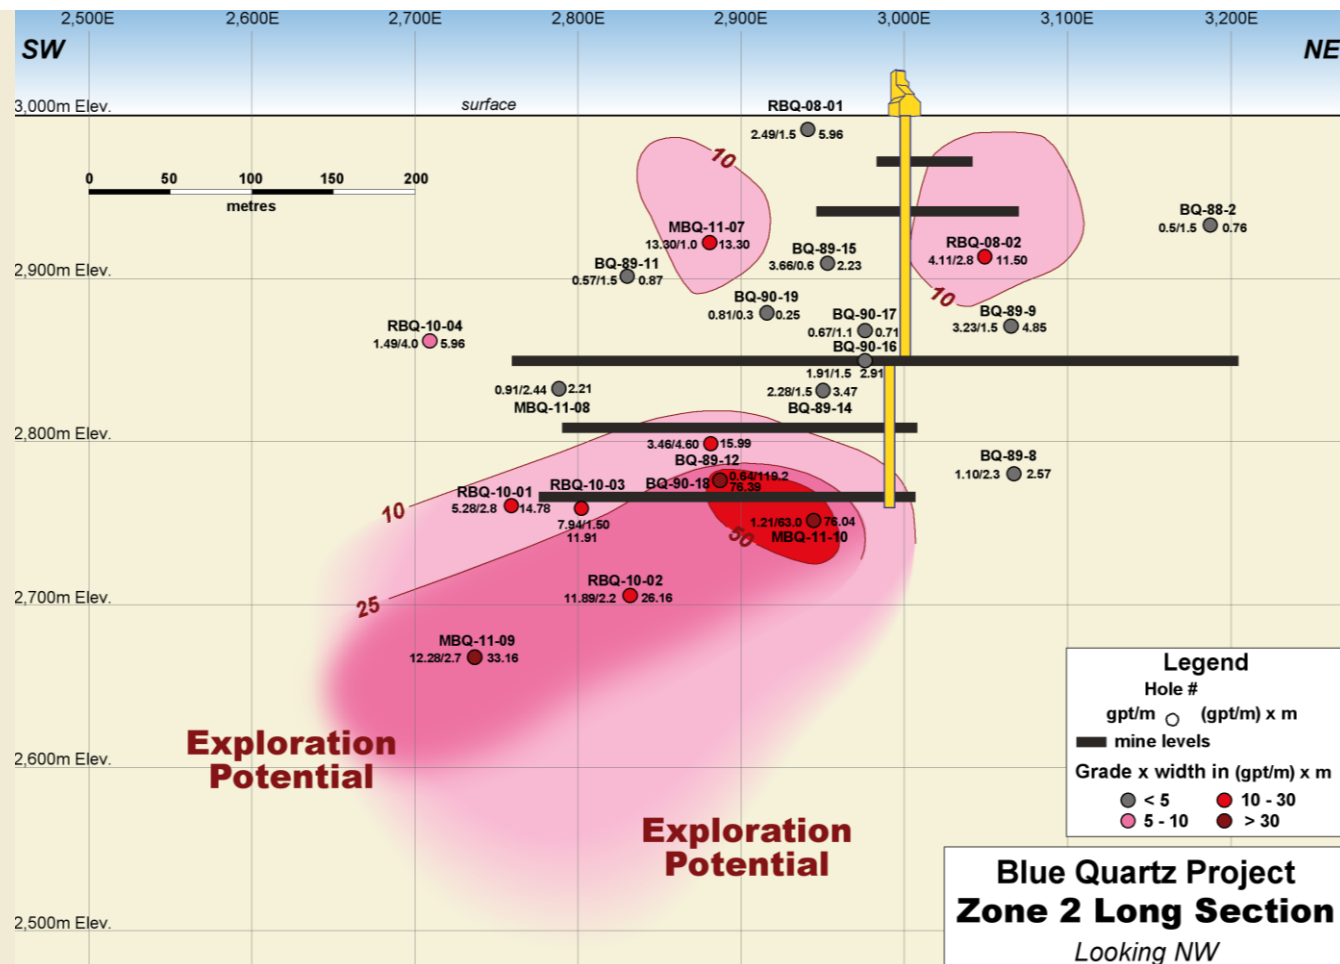

Blue Quartz Geology

- Located on favourable geology for gold discovery
- Near Destor Porcupine Fault regional geological structure associated with significant Timmins gold deposits
- Blue Quartz extension claims 100% owned

Potential for Discovery

- Drilling has expanded the gold mineralization to depth and along strike
- Potential to further expand gold mineralization

Strategy

- McLaren management is committed to building company value by skillfully investing funds in the exploration and development of its Timmins gold projects.
- Management creates value through successful exploration by finding gold ounces at an effective cost and by exploring targets with high potential.
