

If you have donated to the military care packages, WE THANK YOU! The response has been amazing and far more than we thought. If you have not donated yet but would like to, we are needing help with the shipping of the packages. The cost is around \$18 per box and we have 25-30 MORE boxes than we anticipated. The first 25 boxes will go out the end of this week but we will still be accepting monetary donations for the remaining boxes. If you would like to "sponsor" a box or 2, we will be collecting money through December 14. Thank you again for all of the goodies!
