

I am for the child™

Help Us Reach Every Child

The majority of abused and neglected children do not have a CASA volunteer by their side. You can help change that.

Join the **I am for the child** movement.

As a volunteer-driven organization, CASA is one of the most efficient ways to make a major difference in the lives of children and ultimately improve the communities in which your employees live and work.

By investing in the "I am for the Child" Club you will become a partner in the success of CASA of Southeast Texas while also providing an opportunity to bring positive change to the life of one or more children. Few, if any, causes have a more compelling appeal. In choosing to participate, you can feel good about helping to serve our community's most in need while providing your company with numerous benefits. These include reaching new audiences, increasing stakeholders and employee loyalty, and making a social impact in the communities where you do business.

In addition, CASA also offers a unique volunteer opportunity. Many of our CASA Volunteers are the employees and associates of local companies. Volunteer programs give greater exposure in the local community, and employees become engaged in and supportive of their commitment to CASA.

Your corporate investment will empower one or more abused and/or neglected children with a match to a CASA volunteer. This CASA Volunteer will be the child's voice in court and a trusted friend. On average, it costs \$1,000 a year above current funding being received to serve a child. Please consider a multi-year commitment to our children. Your investment will bring such a big reward.
