CELEBRATING 30 YEARS OF HOLIDAY FAMILY FUN!

Since 1987, the Trains at NorthPark have been delighting the hearts and minds of young and old alike. Presented by BANK OF TEXAS, this holiday family tradition has become a favorite for generations of Dallasites and includes 1600 feet of track rolling from coast to coast on a whimsical rail journey across America. The Trains travel from the autumn foliage of New England to San Francisco's Golden Gate Bridge with stops along the way to see New York City, Washington DC, our beautiful city of Dallas, and the desert Southwest including the Grand Canyon and the Garden of the Gods—we even have some interplanetary visitors from Outer Space! More than 70,000 visitors are entertained each season. The Trains at Northpark runs from November 18 to January 7.
