Now more than ever financial support is needed to support the arts

The **Maryland State Boychoir**, proclaimed as Maryland's *Goodwill Ambassadors* by Governor William Donald Schaefer, was founded in 1987 by Mr. Frank Cimino with a vision to offer boys a foundation in music to develop the mind, shape the character and fill the spirit. The choir includes over 150 young men and boys of diverse socioeconomic, ethnic, and religious backgrounds coming from across the State of Maryland. The choristers perform nationally and internationally and were honored to be selected to sing at *The 2015 American Choral Directors Association National Conference* in Salt Lake City Utah. The proceeds will support their scholarship activities and tours, ensuring that all choristers can take part regardless of their ability to pay.

The **Healing Power of Music Chorus** was co-founded by Kathy J. Helzlsouer, M.D., M.H.S. and Stephen Holmes, Artistic Director of the Maryland State Boychoir. The community chorus tangibly demonstrates the healing benefits of music.

The Healing Power of Music Benefit will be held at The Maryland State Boychoir Center for the Arts at 3400 Norman Avenue in Baltimore's historic Mayfield neighborhood on Nov 10, 2018. A pre-concert reception and silent auction begin at 3:45 pm with the concert at 5:00 PM.
