declares the Lord.” Isaiah 55:8***

Biblical Worldview Definition

A biblical worldview is a perspective by which we seek to understand the world by looking through “the eyes of God”, the Bible.

It is an intentional adopted stance by which the knowledge of this world is filtered through the Word of God in light of the life of Jesus Christ. When pursued, this view allows man to seek and gain an understanding of who God is through His Truth as It pertains to all areas and aspects of life.
