You may bring an extra bag for personal items but must have NP travel bag with your equipment.

North Pole Football Program is one of the class programs in the state. Our conduct (good or bad) defines our program. Dress code for traveling and games will be strictly enforced. Don't

When we travel remember at all times that you are a member of the North Pole Patriot Football Program. Your dress, actions and attitudes reflect directly on our program, our school, our community and your parents. You will be responsible to remain in designated areas before, during and after our games. We will leave Palmer High School areas we sleep in "better than when we arrived." At all times we will be dressed appropriate, conduct ourselves appropriately, and be mindful of how we act and what we say.

This is a working trip. We have a mission at all three levels of play. Remember our mission, and expect the best of yourself. Lets get it done this weekend and have fun doing it.
