Dear Friends,

God continues to bless our ministry to police. At our last Denver Police Department outreach we had mostly command staff attend. It is a blessing that the leaders of these law enforcement agencies get out the word to their departments. We continue to have new officers attend these lunches, which is a blessing. We know God's favor is upon us.

We are facing many challenges in this country and wickedness has increased beyond what we could have imagined. During this challenging time in America, I have come to see that this is becoming one of the neediest mission fields in the world. Our ministry to police during this time is so important, when many have wanted to defund the police and limit their authority.

We continue to trust God to provide for us so we can continue this important ministry. I am praying that we can expand our ministry to other law enforcement agencies and other states.

Police officers continue to express their gratitude to us for reaching out to them and showing them God's love.

Thank you for partnering with us in this important mission. Your gifts and prayers enable us to continue the work God has called us to do. As we pray for this nation, I know that God is hearing our prayers and drawing people to Himself. God bless you.
