# Simplified Products – Simple Solutions

When it comes to buying life insurance, it shouldn't be complicated. You want to provide for your loved ones, to ensure they have the funds to cover expenses – like funeral costs, outstanding medical bills, the mortgage – even a college education for a child.

At United Home Life/United Farm Family Life, we specialize in simplified issue life insurance – it's **all** we do. We make it as simple as possible for you to purchase valuable whole life insurance coverage without having to go through medical exams or provide bodily fluids<sup>1</sup> for lab tests, even if you've been turned down before. Simply complete an application with your agent, and participate in a brief personal history interview by phone. That's it.

Simple, isn't it?

## Simplified Issue Whole Life Portfolio

Each of our four simplified issue whole life products\* is designed to cover a range of individuals based on age, tobacco usage and health, and have these features:

- No routine medical exams, blood work<sup>1</sup> or physician's statements.
- A simple phone interview with an experienced underwriter.
- Guaranteed death benefits and cash values.
- Affordable premiums that never increase.
- Coverage that cannot be cancelled so long as premiums are paid.
- Riders and benefits that can help customize products to meet your specific needs.\*

## Simplified Underwriting

Simplified issue products mean simplified underwriting. It's as easy as a personal history interview (PHI). A PHI is a short telephone interview that helps us determine if the product you've applied for is the right fit, and it speeds up the underwriting process. You'll speak with an experienced underwriter who will ask some health questions and will verify information provided on the application. The PHI typically takes less than 10 minutes. Just relax and be forthcoming in your responses.

Once we receive your application, we'll start the approval process. We'll work closely with your agent to ensure your coverage is issued as quickly as possible. Your agent is a trusted resource - if you have any questions about your application, the product applied for, or the coverage applied for, make sure you let your agent know.

<sup>1</sup>Oral fluids/HIV testing collected by a paramed required for WI applicants.
