• With Chicken – \$12.95 • With Shrimp – \$14.95

The name "Shell Café" originated when the outside walls were erected 93 years ago. Abalone and clam shells covered the restaurant, and you can still see the handiwork from our Garden Room, one of the four dining areas in the café.

Adorning the interior walls are many historical photos, including one of the 1929 California Motorcycle Rally. The Shell Café was one of its official sponsors. Mementos and pictures of celebrities from each era of the restaurant's history are displayed throughout the building.

Besides the restaurant, the property includes a number of cozy cottages, at one time a place to stay for guests visiting our beautiful town. These cottages are as old as the restaurant. The cottages have been restored, upgraded and styled to befit the simple life prevalent throughout California's Central Coast!
