To Whom It May Concern:

We would highly recommend Peggy Barnes as a thorough and competent real estate broker. Faced with the second relocation in three years and having sold our previous home, we needed to find a house, but not just any house. Peggy worked with two very picky people to identify and guide us towards the right house.

Among the attributes Peggy displays, knowledge of the market, customer advocacy, and lack of high-pressure sales techniques contributed to our finding the right home. Anyone buying in Orange County should know the risks of real estate cycles and Peggy guided us through the labyrinth beautifully. We would not hesitate to refer anyone to Peggy and will use her ourselves as future needs arise.

Sincerely,

William H Carson & Marina F Goffredo
Happy Home Owners
