Cowboy In Paradise

Written by Grant Harder, Brad Harsent

Now I'm sitting on the beach in Varadaro ,
Tryin real hard not to stare Oh Yeah
Two weeks in paradise
Gonna fine a hot blonde with a suntanned torso,
Teeny bikini and nothing more Oh Yeah
Wanna fall in love again

A poor cowboy in paradise,
Chasing pretty women drinking rum on ice
I never knew it could be this nice Oh Yeah,
Oh Yeah, A poor cowboy in paradise

Get a redhead on my team for some water polo,
Gonna find a way to get her alone Oh Yeah
Wanna fall in love again
Swim to the bar to share a Mojito,
She'll pull on my straw long and slow Oh Yeah
Wanna fall in love again

A poor cowboy in paradise,
Chasing pretty women drinking rum on ice
See your face in the stars at night Oh Yeah,
Oh Yeah, A poor cowboy in paradise

I parked the truck in 40 below,
How we fell apart I still don't know
What now I know is I have to go Oh Yeah,
Left you crying in the blowing snow

A poor cowboy in paradise,
Chasing pretty women drinking rum on ice
See your face in the stars at night Oh Yeah,
Oh Yeah, A poor cowboy in paradise

A poor cowboy in paradise,
Chasing pretty women drinking rum on ice
See your face in the stars at night
Oh Yeah, Oh Yeah, A poor cowboy in paradise

Sorry for the Party

Written by Tony Hoffman

It turned into on of those nights that just didn't end
I thought I'd take it easy, Oh what the hell again
Never meant it to be bad but something takes over
I gotta think we all had fun but we cant remember

Don't know how it started didn't meant to break that
Oh my god here we go what's up with that

Hey hey hey oh no sorry for the party
Hey hey hey oh no sorry for the party

I know I know better, shouldn't of even start
But when there's a good party I don't think too smart
It must have been crazy, can't remember why
I said I wouldn't do that, I didn't mean to lie

Don't know how it started didn't meant to break that
Oh my god here we go what's up with that

Hey hey hey hey oh no sorry for the party,
Hey hey hey hey oh no sorry for the party

Hey hey hey hey oh no sorry for the party,
Hey hey hey hey oh no sorry for the party

Hey hey hey hey oh no sorry for the party,
Hey hey hey hey oh no sorry for the party

Smile

Written by Tony Hoffmann

Go ahead give a smile and see what happens
Watch out, happiness will just start catching
Everyone, looking out for each other
Arm in arm, brother to brother

I'm just here hanging out with all my good friends tonight
We're all having fun knowing everything is gonna be alright
Just come a long, join in, don't need an invite
Come along and smile,

We know, we're stronger when we're together
With care, good friend will always last forever
Have fun, give a hand to each other
Arm in arm, brother to brother

I'm just here hanging out with all my good friends tonight
We're all having fun knowing everything is gonna be alright
Just come a long, join in, don't need an invite
Come along and smile,

I'm just here hanging out with all my good friends tonight
I'm just here hanging out with all my good friends tonight
I'm just here hanging out with all my good friends tonight
Come along and smile,

I'm just here hanging out with all my good friends tonight
We're all having fun knowing everything is gonna be alright
Just come a long, join in, don't need
Come along and Smile
Come along and Smile
