CONDITIONS OF SALE

- This kitten is purchased for a PET ONLY and WILL NOT BE USED FOR STUD OR BREEDING of any kind, or shown without written permission of the Seller (Breeder).
- This kitten must be spay/neutered AFTER 8 (EIGHT) MONTHS OLD to qualify for HEALTH GUARANTEE and REGISTRATION papers.

- All sales are final. No returns, refunds, or exchanges except as outlined by the terms of this contract. Deposits will not be refunded unless upon the examination the veterinarian finds the kitten "unfit for sale".
- Buyer must agree to **NOT DE-CLAW** this kitten. Buyer understands that de-clawing is a mutilation and cruelty that is likely to alter Siberian cat's temperament and health. Verbal instructions on kitten nail clipping will be given to Buyer at the time of purchase.
- Under no circumstances will this kitten be sold, leased, or given away to any shop, research laboratory, or similar facility.
- Seller (Breeder) guarantees this kitten to be in good health at the time of sale. The Buyer has a health guarantee extending for 72 hours (3 days) from the day of the delivery or pickup. Seller (Breeder) advises the Buyer to have the kitten examined by a licensed veterinarian during this period. No exchange or refund will be made after this period. Cost of this examination is the responsibility of the Buyer. Cost of any medical treatment after the health guarantee for any reason will be the responsibility of the Buyer.
- This contract is legally binding to all parties involved. All kittens are placed in **INDOOR ONLY** homes. Kitten will come with up to date immunizations, health record, and 72-hour health guarantee.
- The kitten's health guarantee is for the first 3 days in its new home. If veterinarian finds a serious life threatening condition it must be reported to the Seller (Breeder) immediately. Upon its immediate return, it will be exchanged for another of equal value within 6 (six) months, as available. A health report issued by licensed veterinarian, indicating that this kitten is indeed ill with a life threatening, or an untreatable disease, should be provided to the Seller (Breeder) at the time of return.
- This kitten cannot be returned after the guarantee period had expired and or/if it has been exposed to another kitten/cat which has not been currently tested for FELV, FIP, illness, fungus, or ringworm. It is the responsibility of the buyer to provide immediate veterinary care if this kitten is showing signs of illness or distress and failure to do so will render any guarantee null and void.
- We guarantee our cats against congenital defects up to their first birthday. If this kitten dies and said defect evidenced in a necropsy, provided by licensed veterinarian, we will replace this kitten with another of comparable quality and value, as available, at the discretion of the Seller (Breeder). Once replacement kitten has been offered to the Buyer and the Buyer declines to accept that kitten, then this contract is considered fulfilled and the Buyer surrenders all rights to claim for another kitten.
