

Learn how to use high school as launching pad to success

Immigration Lesson Plan

Define immigration. _____

In what ways have immigrants contributed to America, past and present.

How are the immigration laws in Australia similar to America?

Discuss countries that are currently affected by immigration laws?

Within your group discuss why immigration laws are created and who they are designed to protect. Remember that in both Australia and America the original inhabitants did not create the laws.

How do you think the laws would be different if Aboriginals and Native Americans wrote policies to regulate migration from Europe?

Homework: Watch/ read several different news outlets both local and abroad. Report on the difference of point of view and editing used to engage the listener/ reader.
