

- 8) Residents didn't want frank and beans as Sunday meal. Sunday meal should be special.
- 9) Pork bolognaise prepared and served recently was spot on. Eggs benedict, a surprise addition, was also enjoyed. The residents liked the beef stew and wouldn't mind having it again.
- 10) Michael will order table tents for the table to display information.
- 11) Complaint from residents that coffee runs out in the morning, so we have ordered larger urns.

Questions from residents:

- 1) Where did the box used to collect discarded batteries go? It will be replaced.
- 2) Are we still recycling onsite? Yes.
- 3) Can the pool furniture be replaced? It has been ordered as part of the project. If the present furniture is unsafe or an eyesore, it will be trashed.
- 4) What about contacting the front desk in the evenings? Residents can call the main number 395-9599 and security will pick up the phone. Physically someone from staff is on premises 24/7 per Michael.
- 5) Do we have wheelchairs and walkers available in the front lobby for in/out use? Yes, but they are kept at Assisted Living.

Respectfully Submitted,

Lane Woodall, Enrichment Coordinator
