DRAW WEIGHT: 48#

AMO LENGTH: 62"

PRICE: \$139.00

SHIPPING & HANDLING: \$29.00

TOTAL COST: \$168.00

DESCRIPTION: Using all their past design experience, In 1967 the Cravotta Brothers added a new Galaxie line along side their traditional Blackhawk line of bows. This Mars bow was the top Galaxie hunting bow and is a rare find. This bow has a very comfortable pistol grip with a full thumb rest. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age. This bow was put to a stress test (held at full draw for 16 hours to make sure the old glues still held and no stress cracks developed. Then taken to the range and test shot. Comes with a new rug rest and side plate, and a new string.
