Establishing Utility Service in Moran

Utilities include electric, water, sewer and refuse, and may be established by paying a NON-REFUNDABLE connect fee of \$100.00 to the City. This fee is set by City Code and may be waived only if the applicant has paid a connect fee within the past five years from application date and left the City in good standing with account balances paid in full.

Landlords will provide tenants with a Landlord/Tenant agreement in which both the landlord and tenant's signatures must be notarized, a service provided free of charge at City Hall. This agreement gives the landlord's permission for the City to establish utilities at a specific address in the tenant's name. Tenants must bring the agreement to City Hall with their connect fees in order to establish their utility account.

Tenants will need a current, legitimate mailing address to establish a utility contract with the City. Failure to provide a current address will result in denial of utility service.

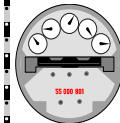

Utility Billing

Utility bills are mailed on the 10th of each month; payments are due by the 25th. If the 25th fall on a weekend, or holiday, payment is due the next business day.

- Accounts unpaid after the 25th are assessed a 10% penalty
- Amount due, plus penalty shall be due by the 30th of each month (except February when amount shall be due by the last day of the month). Unpaid accounts as of 30th are disconnected for non-payment
- Total balance plus penalties must be paid in full, along with a reconnect fee of **\$75 per utility**, to re-establish utility service

These dates are listed just above the return portion on all utility bills and serves as your reminder.

Please Note: The City does not mail out late notices.

Utility meters are read on the 30th of each month. The City requires each residence to provide direct, easy and safe access to all utility meters. Residents with meters within fenced yards must ensure that ALL gates on the property are unlocked to allow readers access through the gate closest to utility meters.

To ensure the safety of our readers, they will not enter yards with unchained dogs, or dogs chained too closely to utility meters.

If the reader feels threatened in any way, your meter will not be read and your utility bill will be estimated.

"MORAN MESSAGES"

Our quarterly newsletter, *Moran Messages*, is mailed with your March, June, September, and December utility bills.
