Project Background

I have extensive experience in architecture and construction, planning, design, contract documents, specifications, construction administration, construction management, owner's representation work and field experience to bring my projects to successful completion.

I have also provided litigation investigations and professional opinion for litigation and mediation actions.

I bring a sense of urgency and a personal commitment to meeting the project and client's needs. I have previous experience with education, medical, institutional, industrial, religious, commercial, municipal, single and multi-family residential, renovation projects, restoration projects, forensic investigation, construction administration and management.
