Homelessness
update

Fall Point-In-Time Count:

There will be a special point-in-time count that will be conducted this Friday, Sept. 10.

This count, which usually occurs in January every year, is a follow up to the count that was conducted earlier this year.

Volunteers will be conducting interviews with unsheltered people and specifically asking them if a COVID-19-related hardship led to their homelessness.

Homelessness
update

**2021 SPECIAL Fall
Salt Lake County Homeless
Point In Time Count**

**SEPTEMBER 10TH
3AM - 6AM**

VOLUNTEERS NEEDED

The Point in Time Count is a count of homeless persons to:

- Help policymakers and program administrators measure progress toward the goal of ending homelessness.
- Help inform plans for services and programs to appropriately address local needs, identify strengths and gaps in our community's current homelessness service system.
- Help increase understanding and make a difference in the lives of those experiencing homelessness!

Volunteers will work in teams to seek out and interview persons experiencing unsheltered homelessness.

ALL volunteers will receive training related to approaching and interviewing persons experiencing homelessness.
