

# Competitive Team

(Silver, Red, Jr Elite, Elite)

## Financial Commitment

By signing below, I signify that I understand that joining the competitive team comes with a commitment to the full competitive season from my start date until August 2020. Monthly fees will be due for each month during this time and the full \$200 team fee will need to be paid (\$100 in September, or at time of registration, and \$100 in April). I understand this sport has a long season, but it may take a full season to allow a diver the best chance for success at this level.

## Competitive Commitment

I understand that the Regional Championship and State Championship meets are mandatory events for the competitive team. Any diver who does not participate in these meets will need to pay their coaches fees as well as a \$100 fee to the team. Our coaches strive to develop athletes for long term success, committing to competing for an entire season helps track progress and motivate athletes.

All divers must have current team suit, t-shirt, and warm up jacket.
