LANDOWNERS

PROPOSITION 218 ELECTION (Assessment Increase) PASSES ON A 68% VOTE

This note accompanies the Calendar Year 2018 Standby Assessment statements.

This increased assessment reflects a voter approved increase. Due to the large increase in the Standby rate, going from \$25.00 per year to \$95.95 per year, the Board is extending the late dates and asking for a smaller payment in the first installment (\$35.95 per acre due on or before December 31, 2017) and a larger payment in the 2nd Installment (\$60.00 per acre due on or before August 31, 2018).
