

"TECHNOLOGY WILL NEVER
REPLACE GREAT TEACHERS,
BUT TECHNOLOGY IN THE HANDS
OF GREAT TEACHERS IS
TRANSFORMATIONAL."

- GEORGE COURZOS @GCOURZOS

Mrs. Tammie Jackson, first grade teacher at Bishopville Primary School, received a grant from "DonorsChoose.org" entitled, "Using Technology to Touch and Inspire Learners." With this grant Mrs. Tammie Jackson received 11 Amazon Fire Tablets and covers for her students. This gift of technology will have many benefits. Tablets in the classroom will open doors for students that a regular textbook or worksheet does not allow. For example, using Tablets will offer the opportunity to adapt to the diversity of learning styles of the students and keep them engaged. "As an educator, it will help me prepare my students for the real world environment," Mrs. Jackson said. Mrs. Jackson is very excited and proud to have this gift that will continue to enhance her student's learning.
