Dear friends at ECA,

On behalf of all of us at St. Luke's, I want to convey our gratitude for your grant award of \$2,500 for plantings along the trails as part of our Restoration of Nature and Environmental Learning Center. Your support will enable us to further beautify this community greenspace while also infiltrating more stormwater before it can reach our waterways.

We will keep you informed of our progress, as requested, and we invite you to connect with us on our Facebook page, if you haven't already: [facebook.com/restorationofnature](https://www.facebook.com/restorationofnature). I've also made sure that this address is on our "Friends of the Restoration" email list.

I have shared your award letter with Betsy Love, our Environmental Chair, and she will be in touch with you regarding your sign(s) request.

Again, thank you so much for supporting this innovative project, which is creating cleaner water and enhancing our community.

Peace,  
Diana+
