General Information About Ski Trips

Bus trips are usually 3-day trips and include transportation, lodging, lift tickets and either dinner or breakfast (or both!). There is almost always a famous Kittyhawk Happy Hour with heavy hors d'oeuvres ... usually enough for dinner! Beverages (both alcoholic and non-alcoholic) are provided on the bus.

Ground packages are available for almost every trip when arranged with the trip leader in advance. With a ground package, you provide your own transportation, but take advantage of all the other trip benefits. Our sports travel agency gets great deals from resorts that are not available to the public, so trip benefits often include free drinks, special food and drink pricing, dinner, and a free lunch!

Western trips involve airfare. They usually include transportation (airfare *and* the transportation to/from the airport to the resort), lodging, lift tickets, happy hours, some dinners, welcome receptions, and après skis. What is offered varies by resort and trip. Our participation through the sports travel agency generally means we can offer discounts on rentals, lessons and extra-ski activities. Receptions and parties often involve free giveaways and more! Club races are often also included in the trip for people who like to race or just want to try it for the first time. Ground packages are available for western trips.

Senior rates vary by resort, so be certain to read the trip details *carefully* for what age the resort requires for those senior lift tickets and discounts.

Accommodations vary by resort, and are either hotel rooms or 4 – 6 person condos, depending on the resort. We work with the trip agencies to find great places to stay, and understand that most people prefer ski in/ski out accommodations when they are available.
