

## Ch 13 Workbook Assignment

You have one assignment for this week, Ecclesiastes 3:1-10.

Each day for the next week read this passage and then choose one verse to meditate on and journal.

I feel so strongly the importance of learning to just “sit” with a verse and invite the Holy Spirit to open it up to you. It is my strong conviction we all need to discipline ourselves to slow down and allow the Word to become deeply implanted. If the Holy Spirit leads you to, respond and tarry with a verse another day, or two... then do so. The point is to grow in love and dependence on His Bread of Life. Feast on it.

In preparation for next week just simply have read Ch 13 of The Story and be sure and bring your journals to class. We will be focusing and Solomon and Ecclesiastes will be a part of the discussion.

I hope and trust that you are continuing to press on in the practice of meditating on His Word!
