## COVENIENT FOR STUDENTS:

Liberty Theological Seminaries International (LTSI) offers to those desiring to study the Word of God an excellent opportunity to learn the whole counsel of God in their home, church, or on the Internet. To those engaged in Christian Ministry, an opportunity to receive comprehensive and systematic biblical and theological training without having to leave their ministry position or having to uproot their families for several years.

## CLASSES BY DVD EXTENSION:

Most of the courses are comprised of hours of DVD, Video, C.D., or Cassette teaching on the necessary division level. Some classes are offered by required reading along with 15 to 20 hours of media. Tests are taken in the local church under the supervision of a local proctor who is either a Pastor, Instructor, or local Christian Education Director. Liberty Theological Seminaries International is conservative, evangelical, and charismatic in its theological and biblical approach. Our biblical stance is complete adherence to the Holy Bible in its original context. Our theological stance is somewhat right of center on a continuum between Calvin on the right and Arminius on the left. This is a beloved position with strong emphasis on the sovereignty of God.
