Knowledge, Passion, & Inspiration for Your Success

### SELF ASSESSMENT

1. ATTITUDE  
Influence others in a positive way – set a strong example – allow yourself to be influenced by those with a healthy perspective.
2. INITIATIVE  
Take it upon yourself to improve the company – spot problems and address them - fill the gaps.
3. TECHNICAL PROFICIENCY  
Take the time to fully understand your business – commit to becoming a complete professional – familiarize yourself with other disciplines.
4. COMMUNICATION SKILLS  
Share ideas – develop ability to inform others so that desired results are achieved – listen carefully, beyond the words.
5. WORK ETHIC  
Willing to do whatever is necessary to get the job done – main concern is contributing and making the organization a better one.
6. CORPORATE FIT  
Understanding of corporate views and philosophies – a strong orientation to doing the best job possible on every assignment – being aligned with operating principles.
7. JUDGMENTAL ABILITY –  
DECISIVENESS  
Make quality decisions, giving the proper weight to all considerations – know when and how to act on them with conviction, but not impulsively.
8. SERVICE ORIENTATION  
To all customers – make it so others want to do business with you.
9. CONSISTENCY OF  
TEMPERAMENT  
Maintain perspective through both good and difficult times – be sensitive to others - handle pressure well.
10. ABILITY TO LEARN  
Both in early and advanced stages of career – adapt to change – work to stay up with new information in our industry and in the world.

***“WHAT YOU DO, THAT YOU DON’T HAVE TO DO  
WILL DETERMINE WHAT YOU WILL BECOME.”***
