Healthways Chiropractic Consent to Treat

I hereby request and consent to the performance of chiropractic adjustments and other therapy procedures to be performed on myself or on _____ by the doctor. I also consent to the procedures performed by his trained staff assistants under direct instruction and supervision.

I have had an opportunity to discuss with the doctor or other office personnel the nature and purpose of chiropractic adjustments and other therapy procedures. I understand that the practice of neither chiropractic nor medicine is an exact science and that my care may involve the making of judgements based upon the facts known to the doctor at the time; that it is not reasonable to expect the doctor to be able to anticipate or explain all risks and complications; that an undesirable result does not necessarily indicate an error in judgement; that no guarantee results has been made to, nor relied upon by, me, and I wish to rely on the doctor to exercise judgement during the course of the procedures which he feels at the time, based upon the facts then known, is in my best interests.

I have also been advised that although the incidence of complications associated with chiropractic procedures is very low, anyone undergoing chiropractic adjustments, physical therapy services or joint manipulation procedures should know of possible complications, which have been alleged. These include, but are not limited to: burns, fractures, disc injuries, strokes, dislocations, sprains, increase or worsening of symptoms and those which relate to physical aberrations unknown or reasonably undetectable by the doctor.

I have read or have had read to me the above consent. I have also had the opportunity to ask questions about its content, and by signing below, acknowledge my understanding of its contents.
