

WORK SESSIONS TO ADDRESS PRIORITIES FOR SECTOR GROWTH

The Southeast Oregon Healthcare Partnership is a team of Malheur and Harney County healthcare providers who are working together to address issues that create challenges to the advancement of southeast Oregon's healthcare industry.

On August 17, the Partnership convened to identify and prioritize the work needed to strengthen local healthcare.

Focused work sessions with community partners are being held on September 10th to address the Partnership's shared priorities and begin implementing solutions.
