

Words from the Wilderness

Can you believe it? Sabbatical is here! It is brave and exciting that CCC is entering this sabbatical journey. Are you ready? Are you prepared? What are you going to do during this three month sabbatical?

Sabbatical is not a time of survival. Sabbatical is not a time of waiting. Sabbatical is a time for the church to recalibrate. CCC is not Pastor Brown's church....CCC is OUR church together. We all play an important role for making CCC have Kingdom of God values or have life-draining values. What part will you play to build Kingdom of God values?

We have great leaders in our congregation, but we always need more people to step up and consider themselves leaders (because we are all leaders in this church). We are not a top down organization, but ALL of us work in solidarity as brothers and sisters in Christ. Sabbatical is a chance for EVERYONE to work together to be church, not just certain people.

Most of you know that I will not be in contact during the January, February, and March months. You should not call, email, text, etc., and I will not contact you either. I will be back April 1. If you have questions, please don't hesitate to talk to our Sabbatical Team (listed page 2). Please make the most of sabbatical. Please examine how you tell your faith story, and how CCC tells its faith story. This is our sabbatical goal. See you April 1st !!!

Our God, Our Community, Our Church!
