## About Us

Aspen Grove is pleased to provide an excellent quality lamb. Our lambs are raised on pasture and without the use of antibiotics, growth hormones, animal by-products or chemical insecticides. Besides natural grasses they are fed alfalfa hay with some whole barley, wheat and oats.

All our feeds are grown by our family which allows us to properly manage what is fed to our animals. All of our farming practices are based on long term sustainability and land stewardship.

Our farm is 60 km east of Sherwood Park in Lamont County. We raise cows, sheep, goats, and laying hens. All our animals are treated with the greatest care and respect as they provide a valuable food source for our family. We think your family deserves the best as well.

## Common Questions

### HALAL

We are pleased to be able to offer this service for a small fee. Please contact us so that we can discuss further with you.

### PACKAGING AND PROCESSING

Our meat is cut and wrapped in a provincially inspected meat shop. Meat is processed on Wednesdays. It will be frozen and available for pick up from processor on Saturday if needed, however we will have orders at the Sherwood Park Farmers Market. You can have your package kept fresh, special delivery charges may apply.

### PAYMENT AND DEPOSIT

\$100 deposit is required on all regular orders. Remainder is due upon pick up. For any custom orders, a 50% deposit is required.
