

November 9, 2021

Members present:

Clint Cook, Rachel Belcher, Jacob Tow and Donald Maxson.

Also, present Zoning Admin; Robert Birr and Supervisor John Tow as well as Jill Leslie.

Old Business: updating the 2015 Zoning ordinance.

New Business: Jill Leslie brought the existing nuisance ordinance for Everett Township as well as the legal definition for such ordinance. Also note that a section of this ordinance from Everett was also the complete ordinance for Big Prairie and Croton townships.

We further reviewed the ordinance and made finishing touches on the updating of the ordinance with the hope of a final vote on at the December meeting.

Robert Birr also asked that we would consider crafting an ordinance to remove the possibility of commercial wind turbines within the confines of the township. I will try to craft such ordinance and bring it to the December meeting.

Clint Cook motioned for the meeting to adjourn and Jacob tow seconded this motion all present responded positively and the meeting ended.
