# PLAYER DEVELOPMENT PROGRAMS 2017

## PHILOSOPHY

The Revolution Academy is one of the most innovative youth training programs in Major League Soccer, recognized by U.S. Soccer as one of the top 10 youth development programs in the country. The Revolution Academy trains players of all abilities in every aspect of the game.

The objective of the training programs is to challenge players in an environment that encourages technical development, creativity and confidence through age-appropriate coaching while fostering a competitive, professional and fun atmosphere. Encouragement and support from our professional coaches allows every player to gain a better understanding and passion for the game.

## DEVELOPMENTAL PROGRAMS

### FIELD PLAYER ACADEMY

*For developmental, travel and select players (Boys and Girls, ages 6-10 and 11-14)*

During the Development Programs, Revolution Academy coaches focus on a specific technical topic for each of the four days of training. Players develop essential skills which include ball mastery, 1v1 attacking, changing direction with the ball, finishing and speed of play. All sessions progress to competitive small-sided games that encourage players to be creative and use their skills at game speed. The Field Player Academy sessions are an important step in the pyramid of Academy trainings offered.

### GOALKEEPER ACADEMY

*For developmental, travel and select Goalkeepers (Boys and Girls, ages 8-10 and 11-14)*

The Goalkeeper Academy offers goalkeepers an opportunity to attend a comprehensive four-day training program. The Academy's professional goalkeeper coaches will conduct sessions that challenge each participant to become a better technical goalkeeper by improving their overall range in shot-stopping situations and increasing their ability to be comfortable with all aspects of distribution, while also developing a greater tactical understanding and appreciation of the specialized position.
