UDOT Maintenance Responsibilities

Administrative Code R918-6: [Maintenance Responsibility at Intersections, Overcrossings, and Interchanges between Class A Roads and Class B or Class C Roads](#)

Key Points:

- **In general**, the department is responsible for the maintenance of all state roads, including roadside features associated with those roads, except as otherwise delineated in state law. Likewise, county and municipal governments are responsible for roads under their jurisdiction.
- **In the case of bridges**, the department is responsible for the maintenance of bridges on the state highway system, and county and municipal governments are responsible for maintenance of bridges on their respective road systems.

UDOT Maintenance Responsibilities

Administrative Code R918-6: [Maintenance Responsibility at Intersections, Overcrossings, and Interchanges between Class A Roads and Class B or Class C Roads](#)

General	Pavement Striping & Messages (3)
Structures (Over X vs. Under X)	Highway Lighting (2)
Signals	Signs
Park Strips, Sidewalks, & Ped Ramps	Graffiti
Curb and Gutter	Weed Control
Pavement	Drainage Facilities
Traffic Islands	Crash Cushions, Barriers & Sweeping

UDOT Homeless Camps

Coordination Efforts
