We plan on attending one meet in May or Early June so we will have competition during this season which is different from normal Spring Program and if able we may attend more for those interested. Our summer program will run from June 21 in to August.

With COVID guidelines changing we will continue to follow our current protocol, questionnaire, temperature checks at each practice and will continue to practice social distancing and mask wearing as applicable. As guidelines change and are made clear we may augment our practices to be in line with them.

Any new members that have not swam on the team in the past season/year will need be charged a Registration Fee that will include Insurance fee (\$50) for 2021 in addition to fees associated with program.
