

September 11, 2018

Dear Friends and Neighbors,

We sent 166 notarized letters of objection as registered mail to the Massachusetts Historical Commission (MHC). All have been received by the Commission.

We know that other letters were sent independently.

If we receive any further communication from the MHC, we will let you know via the Village Hall website. As you are aware from the prior posting on the website, the nomination has been "postponed indefinitely."

Rita and David Teele
