Quotes:

“This young man stands apart from others in that his strengths were both verbal and computational. While an absolute standout student in my computer science classroom, he was also receiving awards for his writing. ... He is remarkably polite and respectful. He feels strongly about things, particularly his extended family. ... I cannot imagine a more worthwhile candidate for this scholarship opportunity.” **Monica Wlodyka** - Computer Technology Teacher

“Thank you so, incredibly much for the scholarship you have given me. I am very appreciative that you deemed me worthy of award, and I want you to know that it will not go to waste. Every dollar of your financial assistance will help me achieve my academic, and subsequent career-oriented dreams as I develop not only my mind, but my character as a whole. I see college as an opportunity to mature into a productive member of society, and thanks to your scholarship, this opportunity is now made possible.” **Grey**
