Enjoy Summer's Sweetness with Minnesota Berries

Check with local farmers about new COVID-19 procedures

Larry Schumacher, MN Department of Agriculture

Berry season in Minnesota has arrived. Growers across the state are open for pick-your-own and pre-picked strawberries, and raspberry and blueberry season is right around the corner.

Berry season is short and sweet, with seasonal availability beginning in southern Minnesota and moving northward. The typical strawberry season is two to three weeks long, but the length of harvest varies from farm to farm depending on varieties planted, weather, and soil type.

Because conditions vary from region to region, the Minnesota Department of Agriculture (MDA) recommends checking with your local patch for information on availability before heading out to the farm.

In response to the COVID-19 pandemic, the MDA released Guidance for Minnesota U-Pick Farms (pdf) which can be found at www.mda.state.mn.us. Keep in mind that each farm is operating under unique and different conditions this season, so please contact the farm before heading out to the patch.

Whether you choose to pick-your-own or buy pre-picked, be sure to choose local berries this season. Search for berry farms using the MDA's Minnesota Grown Directory, online at www.minnesotagrown.com/berries/.

You can also order your free printed directory online at https://minnesotagrown.com/pre-order-minnesota-grown-directory/ or call 1-651-201-6469.

Fire at Lax Lake Resort; Loss of Building & Equipment

By Kitty Mayo

Late Sunday night, around 10:30 p.m., Lax Lake Resort owner Dean Rudloff heard a loud thunderclap and saw lightning simultaneously.

"There were no seconds between the sound and the light, the house shook and it blew out our circuits," said Rudloff.

It was not until 2:30 a.m. that Rudloff was awakened by explosions and realized that his main maintenance building had been hit and was on fire.

"It was loud, like gun blasts or bombs," said Rudloff, who immediately called 911.

A skid loader gas tank and propane tanks had exploded.

Despite the total loss of the building, which is situated near his house on the upper side of Lax Lake Road, Rudloff says he is deeply grateful to the firefighters who responded, representing Silver Bay and Finland Fired Departments.

Rudloff does not yet know the value of the loss of the contents and building. However, he is very concerned about the survival of the business in the long run, with the loss of equipment needed to maintain the resort.

"We already didn't know how to open up with the virus, and now this may be very devastating to us as far as ever opening up

again," said Rudloff.

The Rudloffs have been running the resort for 48 years, and had a fire in 1975 that took out the main resort. They had delayed opening until August because of Covid-19, however, that now is uncertain.
