Steam Troubleshooters

**Beckett Training Center
660 Main St. Fiskdale, MA
\$220.00 PER STUDENT**

Instructor: George Lanthier

June 2, 2023

8:00am to 12:00pm or 12:30pm to 4:30 pm

This half-day seminar is for those who service one pipe residential steam systems. Ideal for service technicians and installers. The seminar covers the troubleshooting of piping problems, venting problems and the controls and wiring of residential steam systems while using the latest installation techniques and control strategies.

Two books, *Linhardt's Field Guide to Steam Heating* and our exclusive *Residential STEAM Workbook* are included. The books offer service technicians and installers reference manuals that keep the engineering required in simple, easy to understand language and act as the class notes. Lunch is included.
