

Lornic Design Hog Scraper Paddle

Part Number Matrix

	Base Block	Bushing Style:	# Cleats:	Mounting Bolt Size:	Mounting Bolt Spacing	
Final Part Number:	695	-	2	3	2	62
Base Block:						
Standard Duty (SD)	395					
Heavy Duty (HD)	695					
Bushing Style:						
hole only, no bushing - 1-1/8" from base - HD Backer - 395 only		H				
hole only, no bushing - 1" from base - SD Backer - 395 only		S				
shoulder, (1/2", 5/8", 9/16" Stock, others special order)		2				
# Cleats:						
0 cleats (backer)			0			
3 cleats			3			
5 cleats			5			
Mounting Bolt Size:						
1/2"				2		
5/8"				5		
9/16"				9		
Mounting Bolt Spacing						
62mm (standard)					62	
2-1/2"					25	
60 mm					60	

Notes:

The dimension from the base of the paddle to the mounting holes differs between the HD and SD Paddles.

"H" bushing style should be ordered to use with HD paddles.

"S" bushing style should be ordered to use with SD paddles.

We can custom build to order any size / style / combination not listed - just ask!

Sample part number above would be: 695 Paddle, Shoulder Bushing, 3 Cleat, 1/2" Bolt, 62mm spacing
