For Your School or Group

If you are interested in having an after school nature type club or special program, please call or email us. We have programs for pre-K through middle school. Usually the grade groups are Pre-K/K, K-3, 3-5, 6-8. Special programs can be PreK-8th. We have a variety of topics and can also design or adapt programs to fit your groups needs or interests. We have programs that go toward the requirements of badges, loops, pins, etc. Currently we are doing virtual, in-person with social distancing/small groups or a hybrid of all of our programs.
