

THE AGELESS SECRET™

Scam or New Energy Discovery?

AGE 60 2007

AGE 65 2012

These are un-retouched photos of Jim Kaszyk, and his wife, Paula. Amazingly, they look like they are getting younger. How could this be possible? The answer is, it is the result of 20 years of research*, persistence and perseverance supported by a great woman that led to a New Great Science Discovery... **A new energy that supports hidden anti-aging renewal cycles we all have, but never before worked fully, the way they should.**

*Jim is a Quantum Energy Researcher, Modern Day Alchemist, Published Scientist and the inventor of The Ageless Secret™.

Life Energy? Energy in a bottle? Is this for real?

You be the judge!

30 Second, Incredible, “No Touch, Through the Glass” Energy TEST...

Get a glass of cold water. First, test your Life Energy by wrapping your clean hands around the glass and hold for 30 seconds. Test the water on your skin. Does it feel like a lotion? For children under the age of 10 it does. For most adults the answer will be no!*

Next, apply to your palms 8 sprays of The Ageless Secret Renewal Support Formula™. Rub your palms together. Wrap both hands on the glass of water and hold for 30 seconds. Take some of the treated water and place it on your forearm or any other skin. Spread it around. It feels slippery, almost like a lotion. *Now press it repeatedly as it begins to dry and notice that the water feels sticky!* When it dries completely the skin will feel soft almost like it does with The Ageless Secret. Taste the water. Your tongue can sense softness and texture. The texture of the water changed. It will have formed micro particles and a crystal type structure. The effect is temporary, but it will feel Bigger! Softer! Smoother!

So why does this work? It is NOT magic or a miracle. It is New Great Science. Your skin has Life Energy, an energy that we cannot see, but let's imagine it is a white light and use the analogy of a light bulb and a dimmer. In young people the light bulb shines brightly. As we age, the energy weakens and the bulb begins to get dimmer. When the energy in The Ageless Secret is applied to the skin it's like turning up the dimmer and the light bulb glows brightly like when you were young. When you held the glass of water with both treated hands this bright light “shines” through the glass and changes the water making it feel and behave different than normal water.

* By the way, we discovered this, because we tested adults and young people. Under the age of 10, Life Energy is strong enough to create micro particle water naturally helping them look young! Adults, as they aged lost some Life Energy and need this Renewal Supporting Replacement Energy to help them look young again.

The Secret to Look Prettier and Younger!

Support Your Hidden ANTI-AGING Renewal Cycles.

In the 1950's, studies done at Oak Ridge National Laboratories revealed:

- Every 24 hours we get new skin on our hands.
- **Every 28 days we get new facial skin.**
- Every 6 months there is a complete turnover. Not one atom or molecule that is there now on the face will be there in 6 months.
- **In one year 98% of the atoms in a person are replaced. They are all new!**

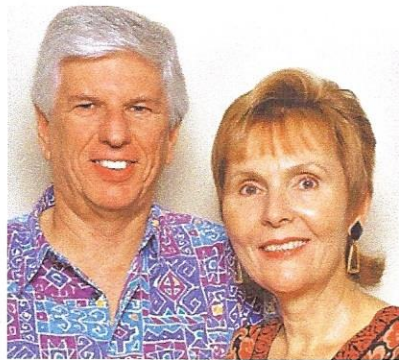

We all need this energy. We all know we look older with age. So, how can this be true? The reason is these innate renewal systems work well up until the age of 35. *Up to that time when 10 cells die off 10 are replaced, but by the time we reach age 70 only 7 of the 10 are replaced and no one knows why.* However, Dr.

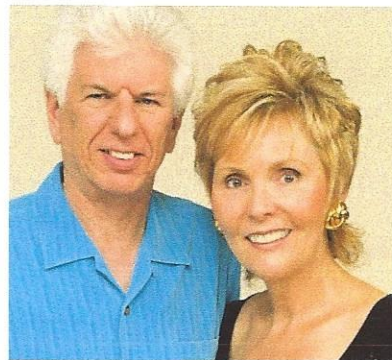

Harold Saxton Burr, head of Life Sciences Department at Yale, felt his human cellular energy field research could be the missing answer. This 20 years of research led him to the discovery of an energy field that was a **"3-D Organizing Blueprint"** critical for proper growth and development! His tests *also showed that if the field could be energetically supported these Anti-aging Renewal Cycles should perform perpetually at the level as when we were young.* In 1972 Burr published his discoveries in a book he boldly titled: **Blueprint for Immortality.**

In 2014, a study published in the peer reviewed science journal "WATER" proved research started in 1989 by Ageless Secret Company, led to this revolutionary discovery of Anti-Aging Energy that supports Anti-Aging Renewal Cycles! **Only this Company has created special Catalytic Towers that use this energy to produce Micro Particle Water and VHP, Very High Potency Ingredients.**

This Revolutionary Anti-aging Energy was proven to exist independent of life, but when applied to the face, measurements at the hands show it flows throughout the entire body through acupuncture energy channels like life force energy does. This is further proof of its ability to support Hidden Anti-aging Renewal Cycles.

Clark's Nutrition Testimonials

For The Ageless Secret Renewal Support Formula™

"For several years I've regularly used Ageless Secret Products. With the new Renewal Support Formula (RSF) spray, my lips and surrounding tissue look plumper. I use RSF on my arms too and I see less crepe skin. I confidently recommend this product to my customers. They love all the ingredients and are amazed the spray absorbs so easily. They tell me, and this is a quote; "I can't live without this!"

Virginia, Nutritional Consultant, Clark's Nutrition, Rancho Mirage, CA

"I have used Ageless Secret Products since I started working here. Although I'm 25 years old I take care of my skin, especially because I live here in the desert. Also, "an ounce of prevention is worth a pound of cure". I use The Ageless Secret Renewal Support Formula and I love it. It feels tightening (lifting) for my skin and it is so hydrating that I haven't had a need for a moisturizer. My skin has a nice even tone and I can't help it, but I'm always touching my face because it feels so amazingly soft."

Connie, Sales Associate for Beauty, Clark's Nutrition, Rancho Mirage, CA

"I've used Ageless Secret Products for several years on my face, neck and upper chest. Because my skin looks so good customers often asked me what I use and I'm very happy to recommend Ageless Secret Products to them. For the past 6 months I have been using The Ageless Secret Renewal Support Formula. It is definitely a winner. It works great on my face and I use it on my hands because hands can give away your age. Now I get compliments on my hands too!"

Debbi, Assistant Manager, Clark's Nutrition, Rancho Mirage, CA

Harvest Health Testimonials

For The Ageless Secret Renewal Support Formula™

“I suffered from flaky dry skin on my face and I needed to use Cortisone cream to combat it. Now, it may be a coincidence, but since I started using The Ageless Secret Renewal Support Formula™, the flaky skin is History. By the way, Ageless Secret is by far the best selling skin care line in our store. We have customers from LA and San Diego who shop here for it.”

Craig Stone, Owner, Harvest Health Foods, Palm Desert, CA

“The Ageless Secret Renewal Support Formula™ has allowed me to cut way back on all other products I used to use. My skin is so moisturized with it that I hardly need a separate moisturizer. I see a lift around my eye area. I’m sold on it! I recommend it to all my customers.”

Natasa, Harvest Health Foods, Palm Desert, CA

“The Ageless Secret Renewal Support Formula™ is the BEST! I also love that it is so easy to use and I’m getting all those 20+ fabulous anti-aging skin loving ingredients in one container. “

Amanda, Harvest Health Foods, Palm Desert, CA

“I feel so fortunate to know about and use Ageless Secret skin care products. I’ve been using the Renewal Support Formula (RSF) for 7 months and my skin feels softer and more toned.

Before using RSF I was beginning to dread looking in the mirror, chronicling the aging process. Those days are now gone. I now love seeing how my skin looks. It continues to surprise me with diminished looking pores, smoother texture, even color and a healthy glow.

As a Reiki Master for 27 years my hands are sensitive to energy. Just holding the bottle I feel the vibration. I also love the feeling of spraying RSF on my face and neck. It feels calming and uplifting.”

Ann M. Washington Depot, Ct.
