Hello

I am on the board of a local nonprofit called A Voice Discovered. We feel that the ability to communicate is a fundamental human right. Therefore, it is the mission of our foundation to provide funding assistance, family and community education, support, and advocacy to enhance the quality of life for individuals with communication impairments and thus benefit families and their extended community through access to appropriate technology resulting in improved communication means.

We have had a record year so far in 2017! We have already met our maximum grant allocation amount for the year meaning that all of the grants that we had for the year have been awarded! We are currently working on a new targeted fundraising strategy so that we can continue to support those who need it throughout the year. It has been a very exciting year so far!

We are having our **4th Annual Casino Night and Silent Auction Fundraiser on October 21st at Four Brix Winery in Ventura**. Four Brix is also kindly co-sponsoring our event. This event has been very important in helping us reach our fundraising goals each year. Last year we received a number of wonderful items for our silent auction and raffle that helped make our event the success that it was. I was hoping you would consider donating an item(s) to the silent auction or raffle. We will be happy to display advertising for your company next to the auction item and promote your company on our Facebook page and website.

If you are unable to donate an item this year please consider supporting us by making a tax-deductible donation at www.avoicediscovered.com or send to the address above. Please let me know if you have any questions. You can also visit our website or like us on Facebook to learn more about what we do. Thank you for your consideration!

Traci Peplinski
President and Founder
