

COVID-19 UPDATE.

Information is rapidly changing in our world today. We want you to know that we are monitoring the situation closely and keeping those who are affected in our hearts. Marine Terrace is listening carefully to information provided by our local, State of Florida, and federal health authorities. The Governor of Florida has mandated that anyone entering the state from New York, New Jersey, Connecticut or Louisiana will be self-quarantined for 14 days. Not following that order could result in a \$500 fine and/or 60 days in jail. Our policy will be to enforce this. Since we don't have any first floor suites, self-quarantining is not an option since you would not be able to use the elevators or stairwells. Please check our local, county, and state officials for latest updates prior to your travel.

NOTICE:

The beach access ramps in Volusia County are closed, however certain exercise-related activities ARE being allowed: walking, jogging, biking, fishing, surfing, and swimming. A minimum of six-foot social distancing between people must be observed. When permitted activities are complete, beachgoers are required to leave the beach.
